Professional Summary

Software Engineering Graduate with a strong foundation in Java, Spring Boot, and Full-Stack development. Experienced in designing and optimizing core systems, building responsive web components, and collaborating within the SDLC to deliver high-quality software. Proven ability to solve complex problems and debug effectively, as demonstrated through academic excellence and hands-on internship experience in AI/ML.

Technical Skills

Languages: Java (Core & Advanced), JavaScript, SQL, HTML, CSS

Frameworks & Technologies: Spring Boot, Node.js, Flask, React (Basics)

Core Competencies: Full-Stack Development, SDLC, RESTful APIs, Data Structures & Algorithms, OOP, Database Management

Tools: IntelliJ IDEA, Git, GitHub, VS Code, Microsoft Excel

Experience & Internships

IBM Virtual Internship (AICTE & Edunet Foundation)

Jun 2025 – Jul 2025

AI & ML Intern

Remote

- Built an Employee Salary Prediction model with 90% accuracy using Linear Regression, scikit-learn, and pandas.
- Collaborated with peers and project leads to review solutions and ensure alignment with internal standards.
- Managed full data preprocessing and feature engineering lifecycles for structured datasets.

Projects

Eco-Bid: AI-Powered Auction Platform | Flask, SQLite, JavaScript

Feb 2025 – Apr 2025

- Crafted an exceptional digital experience by building a bidding system with real-time dynamic bid updates.
- Designed responsive UI components using HTML, CSS, and JavaScript, increasing user engagement by 35%.
- Developed robust auto-selection logic and backend processing for high-volume simulated transactions.

Wellness Wings: Care Management System | Python-MySQL Web Application

Oct 2024 – Dec 2024

- Developed a Full-Stack solution to automate care requests, reducing manual effort by 40%.
- Optimized core system performance to achieve a response time under 2 minutes through alert system simulations.
- Applied clean code principles and debugging strategies to ensure high platform reliability.

Education

Rajalakshmi Engineering College (Autonomous)

Chennai, India

B.Tech in Computer Science and Business Systems

Nov 2022 – Apr 2026

Narayana Junior College

Tirupati, India

Higher Secondary School (Class 12)

Oct 2020 – May 2022

Certifications & Awards

Oracle Certified: Java Foundations (Dec 2025)

JPMorgan Chase & Co: Software Engineering Job Simulation (Jul 2025)

Winner: 1st Place in iQuest'25 Department-Level Project Competition (Feb 2025)

Gen AI Academy: Vertex AI, Streamlit, and Multimodal RAG (Jul 2025)
