PROFESSIONAL SUMMARY

Software Engineering Graduate with a strong foundation in **Java**, SQL and Data Structures & Algorithms. Hands-on experience in software development, coding, debugging, and database management through academic projects and an AI/ML internship. Experience in building efficient, scalable software solutions and applying AI/ML concepts to real-world problems, with a focus on continuous learning and performance improvement.

EDUCATION

Rajalakshmi Engineering College, Chennai, Autonomous	Nov 2022 – Present
B.Tech in Computer Science and Business Systems	CGPA : 6.82
Narayana Junior College, Tirupati, State Board	Oct 2020 – May 2022
Higher Secondary School (class 12)	GPA : 6.44
Sri Venkateswara Children's High School, Tirupati, State Board	Jul 2019 – Jul 2020
Secondary School (class 10)	Passed (COVID-19 assessment)

INTERNSHIP

IBM Virtual Internship (AICTE & Edunet Foundation) - AI & ML	Jun 2025 – Jul 2025
- Built an Employee Salary Prediction (Machine Learning) model achieving 90% accuracy using Linear Regression, scikit-learn, and pandas. - Performed data preprocessing, feature engineering, and visualization on structured employee datasets. - Delivered HR decision-making insights through model performance analysis and feature importance evaluation.	

PROJECTS

Wellness Wings - Serving Hands Who Need Care	Oct 2024 – Dec 2024
- Reduced manual scheduling effort by 40% by developing a Python-MySQL based web app that automated care requests between elderly users and verified volunteers. - Achieved average response time under 2 minutes by simulating real-time tracking and alert systems similar to Firebase, improving service efficiency.	
Eco-Bid - AI-Powered Auction Platform	Feb 2025 – Apr 2025
- Increased user engagement by 35% by building a full-stack bidding system using Flask, SQLite, and JavaScript, with real-time dynamic bidding and auto-selection logic. - Improved user experience by streamlining the auction process through responsive UI and interactive bid updates.	

SKILLS

Programming Languages: Java, SQL

Tools & Platforms: IntelliJ IDEA, Microsoft Office (Excel, Word, PowerPoint)

Core Skills: OOP, Data Structures & Algorithms, Database Management, Basic Web Development, Spring Boot (basic)

Soft Skills: Problem-Solving, Analytical Thinking, Communication, Team player, Adaptability, Willingness to Learn

CERTIFICATIONS

- IBM SkillsBuild** – Artificial Intelligence Fundamentals (Jun 2025)
- Gen AI Academy** – Vertex AI, Imagen, Streamlit, Multimodal RAG (Jul 2025)
- JPMorgan Chase & Co** – Software Engineering Job Simulation (Forage, Jul 2025)
- Deloitte** – Data Analytics & Forensic Technology Job Simulation (Forage, May 2025)
- Oracle** – Java Foundations (Dec 2025)

AWARDS AND ACHIEVEMENTS

- Won First Place in the Department-Level Project Competition (iQuest'25) at Rajalakshmi Engineering College (Feb 2025) for an innovative platform supporting elderly and physically challenged individuals.
